## PROFILE

---

A passionate and disciplined B.Sc. (Hons) Agriculture graduate actively transitioning into the tech industry with a strong foundation in front-end development, data structures, and problem-solving. Equipped with hands-on experience in building responsive web applications. Demonstrates strong analytical thinking, communication, and documentation skills gained through research projects and field experience. Currently strengthening coding fluency through dedicated practice. Eager to contribute to innovative development teams where creativity, collaboration, and continuous learning are valued.

## SKILLS

---

Programming	JavaScript, Python
Frameworks/ Libraries	React JS, Redux, Node JS
Testing	Jest, React Testing Library
Web Technologies	HTML, CSS, Tailwind CSS
Version Control	GitHub
Code Editor	Visual Studio Code
Others	MS Office (Word, Excel, PowerPoint), Google Docs, Sheets, Internet browsing & email, Data entry & file handling

## EDUCATION

---

- **B.Sc.(hons). Agriculture**  
**2024**  
Agricultural College and Research Institute, Kudumiyamalai (Constituent of TNAU).  
OGPA – 8.5/10.00 (85 %)
- **HSC**  
**2020**  
Cordite Factory Hr. Sec. School, Aruvankadu.  
83.3 %
- **SSLC**  
**2018**  
Cordite Factory Hr. Sec. School, Aruvankadu.  
89.4%

## PROJECTS

---

### Online Food Delivery Web App

**Tech Stack:** HTML, CSS, JavaScript, React, Redux, JSX, Tailwind CSS

**Tools:** Visual Studio Code, GitHub

**GitHub:** <https://github.com/Kanimozhi33>

- Developed a responsive and user-friendly food delivery web page using React and Redux for state management.
- Designed reusable components using JSX and styled them with Tailwind CSS.

- Implemented features like dynamic restaurant menus, add-to-cart functionality, and page routing.
- Used Git for version control and collaborated via GitHub.
- Strengthened front-end development skills and UI/UX understanding through hands-on project execution.

App: <https://meal-minit.vercel.app/>

Portfolio: <https://port-folio-roan-nine.vercel.app>

### Learning & Development

- Solving Data Structures & Algorithms through Striver's DSA Course
- Solved 155+ DSA problems (100+ on LeetCode)
- Currently part of a 50-Day DSA Challenge Batch
- Practicing on LeetCode and GeeksforGeeks
- LeetCode Profile: <https://leetcode.com/u/NlrY8uEjaq/>
- Strengthening logical thinking, time complexity understanding, and coding fluency

## ACADEMIC EXPERIENCE

---

### Research Project – Organic Agriculture: Spinach Cultivation Study

B.Sc. (Hons) Agriculture – Final Year | Duration: 3 months

- Conducted field experiments to assess the effects of organic treatments on spinach yield.
- Designed experimental setup, collected data, and compiled findings in a structured report.
- Gained practical experience in research, data analysis, and technical documentation.
- Sharpened analytical thinking and problem-solving skills.

### Rural Agricultural Work Experience (RAWES)

B.Sc. (Hons) Agriculture – Final Year | Duration: 3 months

- Participated in a multi-sectoral rural internship program involving NGOs, Agri offices, and industries.
- Learned about government schemes, agri-business models, and rural livelihoods.
- Developed soft skills such as communication, field survey methods, and report documentation

## SKILLS

---

- Leadership & Event Management
- Communication & Team Collaboration
- Creative Thinking & Problem Solving
- Field Research & Data Analysis
- Knowledge of Rural Development & Agri Systems
- Artistic expression (Painting, Drawing & Crafting)

## LANGUAGES KNOWN

---

- Tamil (Native)
- English (Fluent)

## CO-CURRICULAR ACTIVITIES

---

- **Fine Arts Secretary**, Final Year
- **Joint Fine Arts Secretary**, Third Year

Led and organized college cultural events, art competitions, and exhibitions. Demonstrated leadership, teamwork, and organizational skills while fostering student engagement. Passionate about painting, sketching, and DIY crafts; consistently contributed to college event decorations and creative projects.
